## Diablo II: Lord of Destruction – Item Charts – Daggers & Swords

### Swords

Swords are the staple of the warrior's arsenal. Swords come in many shapes and sizes, reflecting the cultures that produced them. Single-handed swords, such as the short swords of the West and scimitars from the Eastern deserts make excellent weapons when combined with the defenses of a shield. At the same time, the effectiveness of the enormous, two-handed swords of the North is undeniable.

Two-handed swords can be wielded in a single hand by a powerful Barbarian. To do so, equip the sword, then place a shield or another weapon in your Barbarian's other hand.
